Independent Auditors' Report

To the Board of Directors
Share Pregnancy & Infant Loss Support, Inc.
St. Charles, Missouri

We have audited the accompanying financial statements of Share Pregnancy & Infant Loss Support, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Share Pregnancy & Infant Loss Support, Inc. as of June 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
June 30, 2021 and 2020

A. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Organization

Share Pregnancy & Infant Loss Support, Inc. (the “Organization”) was incorporated as a general not-for-profit by the Missouri Secretary of State on July 30, 1993. The Organization’s primary purpose is to operate as a support group for bereaved parents and their families after a miscarriage, stillbirth, or infant death and to aid in the positive resolution of the grief experience. This support encompasses emotional, physical, spiritual, and social healing, as well as sustaining a family unit. In addition, the Organization provides information, education, and resources on the needs and rights of bereaved parents and siblings. The objective is to aid those in the community, including family, friends, employers, members of the congregation, care givers and others in their supportive role. The Organization is worldwide with 67 chapters and has exempt status under section 501(a) of the Internal Revenue code as an organization described in section 501(c)(3).

The governing body of the Organization is the Board of Directors.

Financial Statement Presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Organization is required to report information regarding its financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions.

Basis of Accounting

The accompanying financial statements of the Organization have been prepared using the accrual basis of accounting.

Net Assets without Donor Restrictions

Net assets available for use in general operations and not subject to donor or certain grantor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated endowment.

Net Assets with Donor Restrictions

Net assets subject to donor or certain grantor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that such assets be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled or both.

A. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Financial Instruments

The carrying amounts of cash and cash equivalents, accounts receivable, grants and pledges receivable due in less than one year, accounts payable, accrued expenses and deferred revenue approximate fair values due to the short-term maturities of those instruments.

Concentration of Credit Risk

Financial instruments, which potentially subject the Organization to concentration of credit risk, consist principally of cash and investments. The Organization places its cash and investments with high credit quality financial institutions and, by policy, limits the amount of credit exposure to any one financial institution or investment type.

Cash and Cash Equivalents

The Organization considers all highly liquid investments which have an original maturity of three months or less to be cash equivalents. This is the policy used for the preparation of the Statements of Cash Flows. The Organization did not have any deposits with any financial institution in excess of the \$250,000 FDIC coverage as of June 30, 2021.

During 2021 and 2020, for cash flow reporting purposes, no cash payments relating to interest or income tax were made.

Accounts, Grant, and Pledge Receivable

Accounts, grant, and pledge receivable are carried at net of allowance for doubtful accounts. The allowance for doubtful accounts is increased by provisions charged to expense and reduced by accounts charged off, net of recoveries. The allowance is maintained at a level considered adequate to provide for potential account losses based on management's evaluation of the anticipated impact on the balance of current economic conditions, changes in the character and size of the balance, past and expected future loss experience and other pertinent factors. No allowance was deemed necessary as of June 30, 2021 and 2020.

Inventory

Inventory consists primarily of books (related to the Organization's mission) which are available for sale to the Organization's clients and the general public. Inventory is stated at the lower of cost or market, valued principally on the first-in, first-out basis.

(Continued)

A. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values based on quoted prices in active markets in the Statements of Financial Position. Net investment return is reported in the Statements of Activities and consists of interest and dividend income, realized and unrealized gains and losses, less external and direct internal investment expenses.

Investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Financial Position.

Property and Equipment

Property and equipment is carried at cost for purchased assets and fair value for contributed assets. As of June 30, 2021, no assets have been contributed to the Organization. Depreciation is computed using the straight-line method over the following estimated useful lives of the property and equipment:

Property	3 years
Equipment	5 years

The Organization follows the practice of capitalizing all expenditures for property and equipment in excess of \$2,500 and useful life greater than one year.

Support and Revenue Recognition

The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give – that is, those with a measureable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met.

Contributions and grants

Contributions and grants are recognized when a donor makes a promise to give to the Organization that is, in substance, unconditional. Restricted contributions which are received and expended in the same fiscal year are reported as increases in net assets without donor restrictions. Amounts received that are restricted by the donor for use in future periods or for specific purposes are reported as support with donor restrictions that increases net assets with donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported as net assets released from restrictions.

Special Event Revenue

The portion of ticket sales and sponsorship revenue that relates to the commensurate value the attendee receives in return is recognized when the related events are held and performance obligations are met.

Program Service Revenues

Program service revenues are recorded when performance obligations are met. Payments received in advance are deferred until earned.

In-Kind Donations

The Organization's operational space, utilities, and property taxes are donated to the Organization. The donated space, utilities, and property taxes meet the criteria for recognition under the related authoritative guidance and are recorded at fair market value at the date of donation. In addition, many individuals volunteer their time and perform a variety of tasks that assist the Organization with specific programs; however, these services do not meet the criteria for recognition as contributed services.

Description of Program and Supporting Services

The following program and supporting services are included in the accompanying financial statements:

Program Services

Includes expenses incurred in providing emotional, physical, spiritual, and social healing for bereaved parents and siblings through various methods of support.

Management and General

Includes the functions necessary to maintain an equitable employment program; ensure an adequate working environment; provide coordination and articulation of the Organization's program strategy; secure proper administrative functioning of the Board of Directors; and manage the financial and budgetary responsibilities of the Organization.

Fundraising

Provides the structure necessary to encourage and secure private financial support from corporations, foundations, other organizations, and individuals through fundraising events and other activities.

Functional Expense Allocation

The Statements of Functional Expenses report certain categories of expenses directly traceable to certain programs and expenses allocable to one or more programs or supporting functions of the Organization. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated on the basis of time and effort include salaries and payroll taxes. The remaining expenses are recorded on a direct cost basis to program services, management, and general, and fundraising categories.

A. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

The Organization qualifies as a nonprofit organization and is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code. The Organization does not have unrelated business income, excise taxes or activities that would threaten the Organization's tax-exempt status. Accordingly, no provision for federal or state income taxes is provided. The Organization files an information return, IRS Form 990.

The Organization follows the provisions relating to Accounting for Uncertainty in Income Taxes and management is not aware of any uncertain tax positions of the Organization related to the tax filings.

Subsequent Events

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through November 17, 2021, the date the financial statements were available to be issued.

B. **ACCOUNTS RECEIVABLE**

For the years ended June 30, 2021 and 2020, the Organization charged annual fees to all affiliate Share Pregnancy and Infant Loss Support offices, with rates ranging from \$100 to \$300, to assist in providing support, educational resources, and access to the online Sharing magazine. The outstanding balances as of June 30, 2021 and 2020 from affiliate offices totaled \$5,158 and \$24, respectively. The Organization accrued revenue for sales of literature which resulted in other outstanding balances as of June 30, 2021 and 2020 totaling \$4,501 and \$382, respectively, for a total accounts receivable balance of \$9,659 and \$406, respectively.

C. PLEDGE RECEIVABLE

The Organization received a multiyear pledge. The pledge receivable is collectible as follows as of June 30:

	2021	2020
Receivable in less than one year	\$ 5,000	\$ 5,000
Receivable in one to five years	10,000	15,000
	\$15,000	\$20,000

Management has determined the pledge receivable is fully collectible; therefore, no allowance for uncollectible accounts is considered necessary at June 30, 2021 and 2020.

D. INVESTMENTS

The fair value of investments at June 30 are summarized as follows:

	2021	2020
Cash	\$ 195	\$ 1,064
Bond Mutual Funds	31,413	19,746
Exchange Traded Funds	49,803	40,118
Total Investments	\$81,411	\$60,928

E. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority. The Organization uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs will only be used when Level 1 or Level 2 inputs are not available. There were no assets requiring the use of Level 2 and Level 3 inputs for the periods presented.

(Continued)

E. **FAIR VALUE MEASUREMENTS** (Continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Organization are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Organization are considered to be actively traded. The fair values of exchanged traded funds are based on the closing price reported on the active market where the individual securities are traded.

The following tables set forth, by level within the fair value hierarchy, the Organization's investment holdings:

	Investments at Fair Value as of June 30, 2021			
	Level 1	Level 2	Level 3	Total
Cash	\$ 195	\$ -	\$ -	\$ 195
Bond Mutual Funds	31,413	-	-	31,413
Exchange Traded Funds	49,803	-	-	49,803
Total Investments at Fair Value	\$81,411	\$ -	\$ -	\$81,411
	Investments at Fair Value as of June 30, 2020			
	Level 1	Level 2	Level 3	Total
Cash	\$ 1,064	\$ -	\$ -	\$ 1,064
Bond Mutual Funds	19,746	-	-	19,746
Exchange Traded Funds	40,118	-	-	40,118
Total Investments at Fair Value	\$60,928	\$ -	\$ -	\$60,928

Gains and losses included in changes in net assets available for the years ended June 30, 2021 and 2020 are reported in net realized and unrealized gains and losses on investments.

The Organization's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended June 30, 2021, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

F. PROPERTY AND EQUIPMENT

The following summarizes the Organization’s property and equipment as of June 30:

	2021	2020
Equipment	\$16,100	\$16,100
Training videos	28,863	28,863
Accumulated depreciation	(42,122)	(38,135)
Total Property and Equipment, net	\$ 2,841	\$ 6,828

Depreciation expense was \$3,987 and \$4,244 for the years ended June 30, 2021 and 2020, respectively.

G. BOARD-DESIGNATED ENDOWMENT

The Organization’s endowment was established with funds designated by the Board of Directors to function as an endowment.

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for investments which make up the board-designated endowment. The long-term objective of the fund is to provide a total return equivalent to or greater than the Organization’s financial requirements of at least ten years. The board-designated endowment fund should have an infinite life. The Organization believes that the long-term objectives can be achieved while assuming risk levels commensurate with market volatility. The Organization will seek to limit the overall risk, consistent with the chosen policy asset allocation.

Strategy Employed for Achieving Objectives

The Organization will aim to achieve the long-term objective while maintaining acceptable risk levels. To accomplish this, the board-designated endowment will diversify its assets among several asset classes. Asset allocation is as follows: cash and fixed income – 55% and equities – 45%.

Spending Policy

For the purpose of making distributions, the fund shall make use of a total-return based spending policy, funding distributions from cash allocation, net investment income, and proceeds from the sale of investments. The annual spending rate will be reviewed periodically in light of evolving trends with respect to investment returns, spending needs, and the rate of inflation. Adjustments will be made when appropriate.

Endowment net asset composition by type of fund as of June 30, 2021 is as follows:

	Without Donor Restrictions	With Donor Restrictions	Total Endowment Net Assets
Board-designated endowment funds	\$83,095	\$ -	\$83,095

The value of this donated operational space (including related utilities and taxes) was \$25,348 and \$19,899 for the years ended June 30, 2021 and 2020, respectively. These amounts are included in in-kind donations on the statements of activities and are included in rent, utilities, property taxes, and office expense on the statements of functional expenses on the accompanying financial statements. Additionally, SSM Health St. Joseph Hospital – St. Charles occasionally refers its maternity patients to the Organization.

N. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Organization receives revenue from contributions and grants with and without donor restrictions, and considers all contributions and grants, which are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures. The Organization maintains financial assets, consisting of cash and investments, on hand to meet its normal operating expenses based on its annual budget. Operating expenses are compared to budgeted expenses on a monthly basis and financial assets on hand are adjusted as necessary. The Organization maintains a board-designated endowment that allows for annual spending of income and appreciation generated from endowment funds.
